Forecast For Scotland
Issued by Met Office Aberdeen
at 1600 on Monday 17 May 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Daytime showers.

This Evening and Tonight:
Mainly dry this evening and overnight, most of the showers dying out, but these could linger across the northeast. Outbreaks of rain developing across the Northern Isles overnight.

Tuesday:
Sunny spells and scattered showers across central and southern Scotland. Rain across the far north edges towards the Moray coast with brighter spells and showers for the Northern Isles.

Outlook for Wednesday to Friday:
Sunny spells and a few showers on Wednesday. Bright start for some on Thursday but thickening cloud and rain will spread north and east. Further rain or showers on Friday.
